

Villa “Grenouille” Ref RL002

Villa Grenouille is a single storey property located at the top of a private domain, with easy access to Port Grimaud, Grimaud and Sainte Maxime.

The large terrace at the rear of the house offers stunning views of the bay of St Tropez, the marina of Port Grimaud and the lush green countryside to the west full of cork and wild olive trees.

This fully air conditioned villa is spacious and comfortable, ideal for couples or families.

Every room in the villa has patio doors leading out onto the terraces/gardens, making the whole house light and airy. There is a split level living/dining area and the kitchen is well equipped.

There is a covered terrace leading from the living room, so it is still possible to enjoy eating outside even in the rare event of a little bad weather.
